Why join The Chorley Surgery?

We will provide you with the high quality support you need to continue developing your skills, spend quality time with your patients and make a real difference to people's lives whilst enjoying job satisfaction.

Join The Chorley Surgery and you can look forward to:

- **Quality time with your patients** - our support, clinical leadership and multi-speciality practice teams all work together to relieve the administrative burden and enable our clinicians to spend the majority of their time involved in high-quality patient care. You'll have structured surgeries and protected times for appointments and administration to ensure your day runs smoothly.
- **A great work/life balance** – we'd like to ensure you make the most of your time in and out of work, so we offer flexible working hours and a variety of full and part-time opportunities to suit your lifestyle. This includes early/late starts and finishes.
- **Large network of practices** – We work collaboratively with our local surgeries in our Chorley Central Primary Care Network, these include a mix of small and large practices. We meet regularly to support each other and work on wider projects that are available within the community.
- **Support, Training and Development** - We offer a wide range of learning and teaching opportunities, such as clinical supervision for GP Trainees and Medical Students. You'll benefit from the expertise within our clinical network and gain support towards appraisal and revalidation. Our management and leadership team support the practice across the areas of Clinical Governance, CQC, Clinical Leadership, HR, Recruitment, Practice Operations, Education & Training and Finance/Payroll. This includes management support to ensure that our GPs feel valued and listened to.
